Model Answer

I- Reading comprehension (35 marks)

- **Read the following passage carefully and answer the questions:**

(A) Answer the following questions: (15 marks)

1- How has technology led to the increase of water pollution?

Technology has several ways through which it increases water pollution. For example, if we look at our River Nile, we will notice that almost everything we don't need is thrown in it as if it was our litter basket. Some people living in cities throw their old tyres and cars into it. Factories throw their waste chemicals and garbage into it.

2- How do people in the countryside dirty the Nile?

People in the countryside wash themselves, their clothes, their animals and their pots and pans in its water. They even throw their dead animal and birds into it.

3- What does the underlined pronoun "it" refer to?

It refers to the River Nile.

(B) Choose the correct answer:

(20 marks)

- 1- c) throw anything we don't need into it
