English Language Make-Up Exam

Examiner:

Dr. Bassant Samir Abd El- Fattah
EFL Instructor – Faculty of Education – Benha University

Date of Examination: May the ¹⁴th, 2016 (14 /5 / 2016).

Model Answer

I- Reading comprehension (35 marks)

- **Read the following passage carefully and answer the questions:**

Answer the following questions:

1- Why does the arctic fox's coat change white during winter?

Because the white coat helps him blend with the snow.

2- What does the underlined word “it” refer to?

It refers to the winter.

3- Why is winter a difficult season in some places?

Because **a)** there is less food **b)** it is colder **c)** snow and ice cover the ground

4- What does "**migrate**" mean?

Means to move somewhere warmer for a season / or move from one region or habitat to another, especially regularly according to the seasons.

5- How does a hibernating animal survive?

A hibernating animal lives off of body fat.

6- How is the way that frogs and snakes get through the winter different from how squirrels and beavers survive?

Frogs and snakes get through the winter through hibernation. They hide during the winter. Their bodies slow down. They save their energy. They don't eat. They live off of their fat. They do this until food returns.

But squirrels and beavers store food in their homes. They don't sleep all winter, but they do much less. They live on what they saved in the summer and fall.

7- Give a suitable title to the passage.

The best answer might be "wintertime".

II-Structure

(40 Marks)
